

# BEST KEYS FOR TOP 175 WORSHIP SONGS

To encourage engaged worship, we need to invite singers to sing in keys they are comfortable with. This helps keep congregations from becoming spectators of musicians on stage. Below is a list of the ideal keys for congregational singing. More details, criteria used, rankings and audio are available at [klamm.us/BestKeys](http://klamm.us/BestKeys).

## Explanation of symbols

\*\* Several songs are in a range broader than is attainable by the average singer.

() Keys in parentheses represent songs that have a wide range, but the given key is closest to attainable.
